## Sanctuary in Times of Turmoil

**Victoria Gardens in Rosendale has everything to make your home a sanctuary--inside and out!**

Gardening is therapeutic and can help create a place of calm--whether inside with house plants or outside with perennials--it's essential in these times of uncertainty and turmoil. Our retail garden center carries a wide range of house plants, pottery, garden statuary, fertilizers, and natural pest controls, as well as perennials, shrubs, and trees that thrive in our area.

**Victoria Coyne, owner of Victoria Gardens, has been landscaping in the Hudson Valley for over 30 years.**

Victoria Gardens guarantees your gardening success by stocking the varieties of plants that will thrive in our climate. It is her extensive experience and constant searching that allows her to curate so many varieties of perennials, trees, and shrubs that are both deer resistant and thrive in the shade.

**So much more than you can see from the road!**

You have to see it to believe it. When you come inside the first floor of our garden center, there is a lot to see--house plants and pottery galore, but if you go up the stairs and out the back door, you will find a plant nursery filled with unique, sustainable varieties.
