All Of Your Nursery Needs

Victoria Gardens has everything to make your garden thrive! We know plants.

At Victoria Gardens we divide up our nursery according to where the plant will go in your garden. If you have a garden that is in full sun, you won't accidentally fall in love with a plant that needs shade. You can look at the flowers, colors, and textures instead of squinting at the tags, trying to figure out if it will survive in your garden. If you are browsing in the right section, it will thrive in your yard!

Victoria Gardens is located in Rosendale, NY on the corner of Rt 213 and Cottekill Road.

We are a fully stocked plant nursery, garden center, and garden gift shop. You will find a selection of trees, shrubs, annuals, and perennials that are chosen for our area and for our customers most frequently voiced problems: deer, dry soil, wet spots, and shady areas.

We've been field-testing plants in the Hudson Valley for over 30 years.

Our knowledgeable staff will help you find the perfect combinations, so you only have to plant once!
