READER'S CHOICE 2015

Presented By

Cleveland Daily Banner

Presenting your picks for the best People, Places, and Things here in Cleveland and Bradley County

A Special Feature Of Your Cleveland Daily Banner

Reader's Choice of 'Best' businesses, services announced

Who is the best?

Do you have a favorite service provider, shopping area, restaurant or automotive locale? Perhaps there is someone you do business with who executes their position and service in an awesome manner.

The fourth annual Cleveland Daily Banner Reader's Choice allowed area residents to applaud those individuals and businesses who they feel are the best at what they do.

The "choices" were selected from nominations submitted and voted on by the recent Reader's Choice 2015 promotion in the Banner.

The response was great, noted Sheena Meyer, retail advertising manager.

Local residents selected the "best" and runner-up in 173 categories and then picked an overall Best Business.

The results were independently tabulated to name "Reader's Choice."

The winners and runners-up are included inside today's special thank you section.

"The Banner appreciates the individual readers' responses as well as the support of advertisers as this search offered the opportunity for the favorite choices to be highlighted," noted Stephen Crass, editor and publisher of the Cleveland Daily Banner

Meyer said from all the ballots submitted, Jason Elliott was selected to receive a dinner for two. The dinner is a four-course chef's tasting dinner at the Five Point Square Restaurant.

Additional copies of this special section featuring the winners and advertisers may be found at the Cleveland/Bradley Chamber of Commerce, advertisers and the Banner office.

The section may also be viewed online at www.clevelandbanner.com.

WINDOW TINTING

Best Of Bradley County READER'S CHOICE 2015 Presented By Cleveland Daily Banner

Voted "BEST" for Window Tinting

Thank You for Your Vote!

1407 Jones Ave. (Behind Dari-Kreme)

Car window tinting creates a cool, custom look for your vehicle, but not many people know that there are many other functional benefits of window tinting your car. Glass Act Window Tinting provides a car window tinting as well as window tinting for just about any vehicle. See the following reasons why car window tinting is a valued addition to any vehicle:

UV Blocking
Car window tinting blocks up to 99% of the sun's harmful UV rays. If you're in the the car for extended periods, car window tinting is important for protecting you and loved ones from cancer-causing UV rays. UV protection comes in various grades, and you don't need to have windows significantly darkened to block UV.

Heat Control
In addition to UV, the sun also tends to create uncomfortable heat inside your car. Since car window tinting also blocks up to 71% of solar energy, you can easily stay comfortable and prevent expensive overuse of the AC.

Added Safety
Car windows are designed to reduce injury when broken, but car window tint brings window security to a new level. Since window tint covers entire panes, broken glass stays in one piece, greatly reducing chances of injury from glass shards. An added benefit is that cleanup is that much easier after breakage.

Theft Prevention
Car window tinting also protects from car theft. Security tint makes car windows more durable, and, since broken glass is held together, even a thief that succeeds in breaking a window is still faced with a solid panel of glass and film.

Car window tinting still gives your vehicle a personal look, but it can do a lot more than that. Contact Glass Act for professional installation of car window tinting to keep you looking cool, feeling cool, and staying safe.

GLAUCOMA

NO PAIN. NO SYMPTOMS. NO WONDER IT'S CALLED
THE SILENT THIEF OF SIGHT.

Glaucoma is a group of eye disorders that lead to damage of the optic nerve and result in vision loss and blindness. Because there are usually no symptoms or pain associated with the onset of Glaucoma, it's called the Silent Thief of Sight.

GLAUCOMA IS A LEADING CAUSE OF BLINDNESS.
An estimated 120,000 Americans are blind as a result of glaucoma. That represents 9% to 12% of all causes of blindness in the U.S.

ONLY AN EYE EXAM CAN DETECT GLAUCOMA.
Glaucoma can only be diagnosed through a comprehensive eye health examination. The most efficient diagnosis is with dilation or a retinal scan.

Of the estimated 3 million Americans that have glaucoma, only half know they have it. For the sake of your sight, please contact our office to schedule an eye examination.

The examples are everywhere. A hasty decision when choosing your air conditioning and heating company can make you and your comfort the big loser.

That's why you owe it to yourself to call Davis Heating and Air. Our commitment to you is part of our company creed.

No matter how hard you shop, or how hard you bargain, you won't find a better value anywhere because of this commitment to you. At Davis Heating and Air you are regarded as a person with needs...instead of a number with a wallet.

Oh, you can buy cheaper. You can always do that. But you cannot buy better than Davis Heating and Air.

Your air conditioning and heating system is about comfort, and energy savings, and peace of mind for repairs. We hold these things dear with each call, each piece of equipment, and most of all...with each customer.
