EMANUEL COUNTY [we.com](http://we.com)

## To our wonderful community,

Inside this tab, you'll find the winners of our annual Reader's Choice contest. Year after year, the public has chosen who is the best of the best in a number of categories. These selections represent wholesome businesses and persons alike. Some of these businesses have a long-running history of winning Reader's Choice awards while others are new recipients of the prestigious honor. Whatever the case, those businesses and people would be unable to win without two things: the impressions they've left upon the public and the public's vote for them when the time counts.

Until this year, our Reader's Choice contest was conducted through our print product alone. Ballots appeared in several editions prior to a given deadline each year. Readers filled those ballots out, dropped them by our office, and our staff spent hours on end counting and recounting the votes to determine that year's winners. We began receiving requests increasingly more frequently over the last three years from our readers to offer online voting. We partnered with a third-party company in Atlanta, Creative Circle, to launch our online voting platform this year, and the result was astounding! We learned through this process that when you give the people what they ask for, the people return the favor tenfold. We ended the contest with more than 35,000 votes, and that number does not include the mass of in-person ballots we received. Our readers and winners alike can rest assured their victories were soundly earned. Our utilization of Creative Cloud ensured no false votes due to the company's security software, yet simultaneously allowed people to create their own nominations and vote once a day for as long as the voting platform stayed live, which was roughly three weeks. I am confident that our readers enjoyed voting this way. Consequently, I am even more confident that we will conduct our Reader's Choice contests the same way in the future.

To our faithful readers, thank you for making this publication possible. Newspapers in other communities put on similar contests. This historic Reader's Choice is special in that it reserves the recognition for businesses and people rooted here in Emanuel. For decades now, our audience has turned out thousands of votes. It is because of your participation that we, The Forest-Blade, can continue to honor the best our county has to offer. To the businesses and people who were nominated and received an award, congratulations! The certificates you receive to hang on your wall are so much more than what they seem at face value. Sure, these indicate that you won... But what does winning this honor mean at the core? In our tried and true opinion, it means you have won over the hearts of your fellow citizens; that whatever service you provide is invaluable and incomparable; and that Emanuel County is a better place because of you. That old saying, "Don't fix it if it ain't broke?" Keep that in mind as you move forward in whatever endeavors are upcoming. To everyone involved in our Reader's Choice edition, thank you. Together, we will keep Emanuel strong and help move our beloved home place in a positive direction in all the years to come.

Regards,

Gail Williamson
