He would also like to thank Mrs. Valencia and Ms. Williams for supporting him and making his high school years a memorable experience.

## Harrison Weaver

Harrison Weaver is the son of Jodi Delius and Morgan Weaver. Harrison's favorite classes are science and history because "I found these classes interesting and the teachers were normally chill." His favorite memory from school is "the day of the solar eclipse my freshmen year, and we got to be outside and watch it. The whole day was fun and is something I won't forget." His future plans are to continue working. He would like to thank "all the teachers who gave me a break or cut me some slack when I needed it, and my parents for trying to do their best."

## Remington Welch

Remington Welch is the son of Sasha and Gary Welch. He was a part of Fayette FFA for four years earning his State FFA degree. One of his favorite memories was "when a kid may have gotten dropped from the roof of the ag building" during

his freshman year. His favorite classes were his ag courses because they taught him life lessons and how to be self-sufficient. He played football for one year, earned multiple awards in FFA including Star Farmer, and went to State in a CDE. His post-graduation plans are to attend MACC and pursue an Associates Degree in Applied Science. He also wants to thank his "parents for pushing me to complete all my work and to get good grades and all the teachers who have helped me along the way."

## Trenity Wells

Trenity Wells is the daughter of Rena Babboni and Adam Wells. Trenity's favorite teachers are Mr. Oakley because he was a good listener, Mr. Pekkarinen because he was funny, and Mrs. Rhode because she was a great friend. Trenity took an interest in the yearbook club, due to her passion for photography, earning her an award in it. She also had a great interest in computer programming and coding. Trenity's plan after high school is to go to college for a degree in web design. Trenity would like to especially thank her teachers and the high school staff for guiding her on her journey through her education, and she would also like to thank her family.
