Maddox played Varsity basketball for four years, was football manager for three years, track for two years, Varsity cheer for one year, golf for one year, and trap shoot manager for one year. While in FFA, Maddox received her green hand award and chapter degree and also was on the horse

judging team for one year and daily foods team for one year. Maddox has been an active member in FFA for four years, FCS for four years, and STUCO for three years. Maddox's favorite coach and role model was Amy Valencia. Maddox's favorite memory of high school was playing as a family rather than a team to go on to win districts in basketball for the first time since the early 2000's. Maddox is undecided but plans on working for her mom after high school to become a personal trainer and social media influencer.

Maddox would like to thank her parents for all of the support and encouragement in all that she does. And she would like to thank her friends for all the laughs, the support, and the unforgettable memories that they have made together. Fayette High School gave her incredible memories and moments that she will cherish forever. Losing classmates in high school has left a void that can never be filled. Their absence will be deeply felt, and their memory will always hold a special place in her heart and Maddox will miss them more than words can express.

Ruari Wells

Ruari Wells is the daughter of Rena Babboni and Adam Wells. Ruari was involved in Band for all four years of her high school career, and was in choir for two years. After graduation, Ruari plans to attend Central Methodist University, then plans to transfer to Rolla after three years. Ruari plans to study chemistry. Ruari wants to thank her mom for all of her success and for being on time.

Endia Joi Williams

Endia Joi Williams is the daughter of Tonya Pirtle and Drew Lee. Endia's favorite subject in high school was science. Endia was voted "Best Snapchat Stories" by her senior class. Her favorite memory was her senior prom and just having fun conversing with her peers. She played basketball for two years and track for one. She plans on pursuing a career in healthcare as well as joining the National Guard. She would like to thank her mother for encouraging and supporting her through life; and for always having a positive outlook on almost everything; it rubs off.
