Gulf Shores, AL—I had a wonderful weekend with my family celebrating my parents' 50th wedding anniversary. We celebrated at a beautiful beach house in Gulf Shores, Alabama, near Fort Morgan. Lots of great moments from their marriage were shared, and I am glad to see them make new ones. Pictured are my mom and dad, Don and Judy Blaise.

Cleveland, TN—Saturday morning I met my cousin at IHOP for breakfast to try their new advertised chicken and waffles. It was pretty good.

After breakfast, I ran errands so I would not have to leave my home anytime Sunday unless I really wanted to.

Once home, I binge watched Prime Video for the rest of the day.

On Sunday, I only went outside to pot the chrysanthemums that I bought at a my local fresh produce market. I then cleaned out a bookcase and again binge watched On Demands throughout the day.

Higgins Lake, MI—This past weekend I was in a golf outing with my husband, Scott, his cousin George and George's wife, Lynn. It's called The Grasshopper up at Higgins Lake, Michigan. Out of 12 teams, our team ended up in second place after a tiebreaker chip-and-putt challenge. This golf outing has been a family tradition for more than 75 years.

Madison, AL—This past weekend, my small family of three went biking around the Huntsville/Madison, Alabama, area. Since moving here two years ago, we've enjoyed taking advantage of the beautiful landscape, from time to time with long bike rides through the mountains.

I learned two very important things this weekend. #1: I am VERY out of shape and #2: Spending quality time, especially through outside activities with your family, is a great way to connect after a long and busy week. Making time with your family is so important and creating healthy habits with them is equally important. A healthy work/life balance is so important for your own well-being and for the well-being of those you love. Making lasting memories is what life's about.

Stone Mountain, GA—This past weekend was special for my family. Since my wife, Rachael, and I started dating (14 years ago), we’ve taken a yearly visit to Stone Mountain park, which is just northeast of Atlanta.

There are many activities to do at this extensive park, but the main reason we go is to take in the “Lasershow Spectacular” demonstration that begins after dark. Claiming to be one of the largest laser shows in the world, it is a sensory experience chock full of a mixture of fantasy and history using laser animations, 3D image projections, fireworks, flames, and even an assortment of drones programmed to add to the visual display—all this synchronized to various types of popular music to

aid in the storytelling. Of course, I’ve got to give a special shout-out to the fan-favorite “Devil Went Down to Georgia,” during which we see Johnny win the well-deserved, shiny fiddle of gold.

We started going as a couple, but as we added our two children, it has become a more enjoyable tradition every year. I highly recommend checking it out if you’re within a decent driving distance to the Atlanta area. Simply load up the car, bring a large blanket or some camping chairs to set up in the field, toss in a few snacks and glow sticks for fun, and enjoy!

Derby, KS—This last weekend I had lots of fun with my son, Lucas, and my family. On Sunday, we went to Jumpy Jumpland and played on all the bounce houses and went through the obstacle course six times. Then we went to the park later in the day and he played on the slide a bunch then went to the splash pad in Haysville and had a blast! He's the best and always brings a smile to my face. I always have so much fun when I'm with him!

Richmond, IN—Over the last month, Customer Service Representative Megan Strader and I have been collecting donations, supplies, and money for a local animal shelter called HELP the Animals in Richmond, Indiana. This weekend, we decided to take our collected items and money box to the shelter. They were so appreciative of such simple items that were donated. It felt great to give back to such a wonderful organization!

A DAY TO REMEMBER

Cleveland, TN—Check Into Cash Chief Operating Officer Jimmy Whatley recently celebrated his birthday with a customized card that featured a photo of him during his glory days at North Carolina. The jersey still hangs in his closet and fits the same as when he wore it on the court.

SUITTING UP IN ASHFORD

England—Our Cash & Cheque Express team has sponsored a local women's soccer team, the Ashford Town Women's Football Club. Based in the town of Cash & Cheque Express' head office, the Ashford FC will wear the Auto Advance Logbook Loans logo on their jersey for the 2019–2020 season. Auto Advance is the sister business of Cash & Cheque Express, offering short-term loans across the UK.

Chairman of the soccer club Will Boye said, "As our club is continually growing in reputation and size, we wanted a [jersey] that supported this. We would like to say a big thank you to Auto Advance Logbook Loans for sponsoring the [jersey] and making this possible."

Ashford Town Women's FC was founded in the summer of 2015 and have risen quickly. They were promoted last year, achieving back-to-back promotions for a fourth consecutive season, and are currently in the fifth tier of the Women's league. They have also secured three county cup wins along the way, with the team growing to have three youth teams and a B Team, as well as the A team.

Ashford Town Women's FC's season kicked off September 8, 2019 against Dartford Women's FC.

FUN, FOOD & FUNDS

Arab, AL—Check Into Cash Center 24063 (25 North Brindlee Mountain Parkway) was at The Fire on the Mountain BBQ Completion and Fall Festival during a recent weekend.

Manager Whitney Bailey and Assistant Manager Karla Lockridge were there both days. They had bubbles for the kids and all kinds of goodies for the adults, and everyone had a blast!

Congrats to Whitney, October's \$50 winner!

WADE MANESS

DATA ANALYST

IT

Corporate: Wade Maness, Data Analyst with Check Into Cash Online

Cleveland, TN—Wade has been an invaluable member of the Check Into Cash team for more than ten years, having started as a collections agent and growing with the company into his current role as a Data Analyst.

In addition to his daily job responsibilities, Wade has served as the "data integrity police." As such, he has created numerous reports to spot inconsistencies in our data and has helped mitigate damage from these occurrences through their persistence in rectifying the issues that create them.

Most recently, we experienced an outage with a third-party vendor that devastated our ability to do the very core of our company's purpose. Wade, knowing how important his knowledge was to fix this major issue, canceled his scheduled time off to run point on cleaning up the damage this outage caused. Even after the system was fully restored, there was a lot of cleanup that had to be done to reduce customer impact and restore customer service expectations. Because it was something we had not experienced in the past, Wade had to design many of the solutions on the spot. Through issue after issue, Wade continued to work and create new solutions so that the company could once again resume our core functions as normal.

Without Wade's knowledge of the data, understanding of the business, and effort to find a way to get to clean data, we could still be dealing with significant problems.

Thank you for your work, Wade. You deserve this award!

From the Field: Mona Jimenez, Regional Office Manager

California—Please join us in celebrating Mona Jimenez as Employee of the Month! Mona does so much for everyone. She supports all the DMs and RMs and is on call for some folks at corporate, ready to make hotel reservations, fill in for the rental car program, or monitor customer complaints.

She keeps us all on track with training new DMs or logging Store Operations Reviews. And even though she is a one-woman office, she assists with smiles and laughs and frankly has one of the best attitudes ever! It's like she doesn't mind "bringing on the crazy things in life." She accepts everything thrown at her and handles it all like a champ! She is a true gem.

A gem like Mona is hard to come by. She's well known company wide, is well respected and like, and has wonderful character traits. She started as a CSR in a store many years ago and has never forgotten the true value of customer service. She is a shining example of exceptional customer service!

We appreciate you, Mona, for all you do for all of us! You really are the best!
