Watermelon Fruit Leathers

INGREDIENTS:

10 Cups Diced Watermelon
 Sugar or Honey (optional & to taste)

INSTRUCTIONS:

First, preheat your oven to the lowest temperature*(1) possible & line a baking sheet with good quality plastic wrap. *(2)
 Blend all of the watermelon in your food processor & place it in a mesh colander lined with paper towels to drain out the excess liquid. *(3)
 If you desire to sweeten your watermelon, place the pureed watermelon back in the blender with your choice of sweetener & blend until the sweetener is evenly dispersed. If need be place the puree back in the colander one last time to remove any excess liquid.
 Evenly spread the watermelon puree onto the center of the baking sheet using a spatula so that it is approximately 1/4 inch thick. *(4)
 Bake the Watermelon Fruit Leathers for 6-8 hours, rotating the pan every hour. *(5)
 The Watermelon Fruit Leather is done baking when it is no longer shiny & has a matte appearance, it will also no longer be super sticky. *(6)
 Let cool completely before removing the Watermelon Fruit Leather from the baking sheet.
 Carefully pull the plastic wrap/fruit leather off the baking sheet & flip it onto a piece of parchment paper, fruit leather down. Remove the plastic wrap from the Watermelon Fruit Leather, cut off any excess fruit leather with a pizza cutter, & the excess parchment paper along the length side with clean kitchen scissors.
 Cut the fruit leathers/parchment paper into long strips, about an inch wide, & roll them up.

Watermelon Sweet Tea

INGREDIENTS:

Simple Syrup

1 cup Dixie Crystals Extra Fine Granulated Sugar
1 cup water
Tea

2 quarts boiling water
12-13 cups fresh cut seedless watermelon chunks (about 1 personal size melon)
7 individual tea bags

DIRECTIONS:

For the Simple Syrup

Combine sugar and water in a small sauce pan. Stir over medium heat until sugar has completely dissolved, roughly 5-7 minutes. Remove from heat and set aside.

For the Tea

Place chunks of watermelon in a food processor or blender and puree. Using a strainer over a large bowl, strain the watermelon puree to capture the juice. You should end up with about 6 cups of juice.

Place tea bags in a large pitcher and pour the boiling water over. Allow to steep for 10 minutes. Add the watermelon juice and stir to combine. Slowly add the simple syrup, tasting as you go. Sweeten to your desired taste.

Diy Watermelon Piñata

TO MAKE THE PIÑATA YOU'LL NEED:

Cardboard box (enough to cut the size watermelon you want)

Scotch tap

Crepe paper in pink, dark green, and light green

Liquid glue or a strong

Glue stick

Black paper

TO ASSEMBLE:

Cut out the large "rounded" triangles (2), larger rectangles for the sides (2), and one smaller rectangle for the bottom. Bend them a little before attaching them so they form easy. Then cut the crepe paper. I folded it like an accordion so it was many layers, then snipped both sides like fringe before I cut it up the middle to make the narrow fringe like you see. I glue them pretty close together, no further than 1/2 inch apart, and I found that liquid glue worked best, but wanted to be smoothed out with my finger as I went to keep it from glopping up the crepe paper. It only took about an hour to glue it all on!

Wine Glasses Candle Holders

HERE'S WHAT YOU WILL NEED:

Any wine glass
Satin craft paint:
Kelly green, bright green, pink, bright pink, and black
Flat tip paint brush
Votive candle

INSTRUCTIONS:

With your flat tipped paint brush, paint the bowl and inside of your wine glass with your pink paint and let dry (use your hair dryer for a quicker dry time)
Paint the stem and base of your wine glass with your kelly green paint and let dry. Once your glass is dry, paint on a second coat of pink and green and let dry
Now use your brighter pink to paint vertical stripes onto your pink bowl to give dimension. Use your bright green paint to paint stripes onto your stem and base and let your paint dry. Dip the end of your paint brush into your black paint and paint small seeds onto the pink bowl of your wine glass and let dry. Once your glass is dry, place a votive candle on the base of the wine glass and display your wine glass upside down.

5 Ingredient Watermelon Salsa

INGREDIENTS:

4 cups seedless watermelon diced
1 cup red onion diced (about 1/2 onion)
1 teaspoon jalapeno diced (about 1 small jalapeno)
1 cup fresh cilantro chopped
1 lime juiced
salt to taste

DIRECTIONS:

Carefully fold all ingredients together in a bowl. Serve as a topping or with fish!

Easy No-Sew Watermelon Wreath... Just Tie It!

HERE'S WHAT YOU WILL NEED:

1/2 yard each of crafting felt in two shades of green (I had leftover fabric that I will be using in another project.)
3/4 yard of crafting felt in hot pink
1 small square of black felt
Fabric glue
16 inch foam wreath form
Jute twine to hang the wreath

AND HERE'S WHAT YOU WILL DO:

Cut the felt in strips that are 2 inches wide and 18 inches long. I had 28 pink strips, 18 dark green strips and 8 light green strips. NOTE: You may find that the number of strips varies for you, depending on how closely you gather them.
Tie the strips to the wreath form using double knots and wiggle them up or down in opposite directions so that the knots are not right next to each other. This will give you better coverage.
Cover the bottom part of the wreath by alternating two dark green strips with one light green to resemble the outer portion of a watermelon.
Fill in the top part with the pink strips.

Finish it off by cutting seed shapes from the black felt and adding them to the pink portion in a random pattern using fabric glue. Finally, tie a length of jute twine in a loop at the center of the wreath to use as a hanger. And...

...taaa daaa! Here is is! It will be a fun and whimsical addition to my front door to greet my summer guests...and I will smile every time I see it! And my littlest grand said Awww! when he spied it, so I know it is a success! :-)

Watermelon Ice Pops

INGREDIENTS

- 5 cups seedless watermelon pulp
- 1/2 cup sugar
- 1/4 cup mini chocolate chips
- 1 pint lime sherbet, softened

INSTRUCTION

Puree watermelon and sugar in batches in your blender or food processor until smooth and strain into a medium bowl. Cover and freeze until puree is slightly slushy, but not quite solid, about 2 to 3 hours. Remove from freezer, stir well and add in chocolate chips. Place twelve 5-ounce disposable cups in a shallow baking pan and spoon watermelon puree into cups, leaving about a 1/2 inch left from the rim. Place pan in freezer for 2 hours, or until puree is solid, but not rock hard. Allow lime sherbet to soften a bit, then spread over top of each portion of watermelon puree so that it comes up to the edge of the cup. Smooth sherbet with the back of a spoon and cover each cup with plastic wrap. Cut a small slit in the center of each cup and insert a popsicle stick into each pop so that it almost reaches the bottom of the cups. Freeze overnight (or until solid) and can be frozen for up to two days. Allow pops to sit at room temperature for about a minute, then gently pull out from the cups. Serve and enjoy!

Diy Watermelon Drink Dispenser

Materials

- 1 large watermelon
- Paper towels
- Sharp chef's knife
- Cutting board
- Large spoon or ice cream scoop
- Apple corer
- Power drill and paring knife (optional)
- Tap kit (includes a shank and faucet)
- Waterproof plate

Instructions

Wash the watermelon and wipe it dry with paper towels. Using a sharp knife and cutting board, cut approximately 1/2 inch off the bottom to keep the watermelon standing straight. Cut off the top of the watermelon, about 3/4 of an inch
Using a large spoon or ice cream scoop, hollow out the watermelon. Reserve the fruit for use in your favorite summer recipe
Using an apple corer, cut a circle through the rind about 2 1/2 inches above the bottom of the watermelon. (Choose the prettiest side for a party-worthy presentation.) Don't have an apple corer? Drill a small hole, then use a small knife to widen the hole until it's slightly smaller than the shank of the tap
Insert the shank into the hole; tighten hardware inside the melon. Attach the faucet to the shank
Place the watermelon keg on a clean, waterproof plate at the end of a table. Fill it with ice, then your favorite lemonade, punch or tropical drink recipe
Tip: Avoid beverages with pulp; they can clog the spout.

Using the top of the watermelon, cut about a 2 inch slice off of the bottom of the watermelon top
Cut one end off so it resembles a U
