Sweet Tips for Sweet Treats

You might have a favorite cookie or brownie recipe - but did you know you could make it even better by adding a simple, familiar ingredient? With a few expert tips from Buddy Valastro, author and star of TLC's "Cake Boss," you can take your sweet treats from good to great in no time.

-Start with Quality Ingredients - When you start with better ingredients, you end up with a better cookie or brownie. Use real butter, high-quality vanilla and great tasting chocolate. Here, Buddy shares some of his favorite recipes that use M&M'S candies to add an extra special touch to family favorites - making them even better.

-Chill the Dough - Leaving cookie dough in the refrigerator gives it more body and results in a fuller and better tasting cookie. Plan ahead so you can refrigerate your dough at least one hour - or, even better, overnight.

-Keep It Uniform - Use a small ice cream scoop to keep your cookies the same size. This not only helps them look professional, but bake up evenly and consistently.

-Pans Matter - Bake cookies on light-colored, non-insulated cookie sheets without sides. Metal pans will cook brownies faster than glass pans, which means cooking times will vary. Start checking your brownies early to test if they're ready and prevent over baking.

ENCOURAGE HEALTHY EATING HABITS *IN KIDS*

As a parent, instilling healthy eating habits in your children at an early age can aid in proper growth and development. Eating well goes a long way toward maintaining a healthy weight, increasing energy levels and improving moods while also reducing risk of obesity and other chronic issues such as heart disease and diabetes later in life.

logo next to nutritional, family-friendly items at the grocery store is an easy way to identify healthy food choices while also supporting local or-

ganizations that help children and families in need.

Be a role model. Typically, your children will follow your behaviors, which includes the types of foods they select at mealtimes. Eating a rainbow

of fruits and vegetables can help ensure your family is getting a complete range of nutrients. For example, a recipe like this Rainbow Buddha Bowl provides a combination of fresh and roasted vegetables that can be customized to meet your family's tastes. Thinking about how many colors you eat in a day may inspire your kids to do the same, which can foster a lifetime of healthy eating habits.
