#### REHABILITATION

Colleton Pillars4Hope mission is to advocate for and promote substance use disorder recovery services and activities by using comprehensive and integrated community-based prevention, intervention, and treatment approaches that result in better health and wellness.

We at Pillars4Hope are passionate about our work to reduce the negative impacts of substance use disorders. We provide addiction treatment and recovery services to people in our community who need us and are ready to do the work with us. We also provide preventive services to minimize future risk of addiction.

Treating addictions, whether to drugs or alcohol, requires conducting a thorough patient assessment in order to determine what sort of treatment program will benefit the patient the most. Constructing a future that is free of alcohol and drug use begins with a solid foundation and that foundation can be found at Pillars 4 Hope.
