WHAT IS WORLD DOWN SYNDROME DAY?

World Down Syndrome Day (WDSD) is a global awareness day officially recognized on March 21st.

WDSD is celebrated on the 21st day of the 3rd month to signify the uniqueness of the triplication (trisomy) of the 21st chromosome which causes Down syndrome.

On this day, people with Down syndrome and those who live and work with them throughout the world gather and participate in events to raise public awareness.
